HELLO HALF-TERM!

Half term activity ideas and health and wellbeing tips for all of the family!

A photograph of children playing in the rain. One child in a blue shirt and pink pants is splashing water. Another child in a green shirt with stars and pink pants is also splashing. The background is a bright, overcast sky.

The Half Term holidays are coming and there's no better time to get the kids off the sofa and do some fun things together!

The Healthworks Team have designed this fantastic resource to provide you with a range of activity ideas to enjoy safely with your family over the holiday period. We hope you enjoy trying our ideas out!

**Pop over to
www.healthworksnewcastle.org.uk
for more inspiration and to find out more about the work we do.**

**Take a walk near to your house,
how many can you spot?**

How many of these items can you find around your home?

you find around your home?

Can you name them too?

Make Pancakes

It's Shrove Tuesday also known as 'Pancake Day' on Tuesday 21 February - so give our simple recipe a go and get flipping!

You will need:

- 100g Plain flour
- 2 eggs
- 300ml milk
- Oil
- Syrup or Fruit to top or another sweet or savoury topping of your choice!

How to make them:

- Add flour to the bowl
- Add in 2 eggs and whisk mixture
- Add in the milk and whisk
- Add 1 teaspoon of oil to the mixture
- Heat frying pan and add 1 teaspoon of oil
- Spoon the batter into the pan until the bottom is coated
- Fry until browned
- Flip onto the other side until cooked
- Serve with topping of your choice

Draw your own pancake face!

Pancake Songs!

Song one:

Sing this to the tune of 'One potato, Two potato'

"Mix a pancake
Stir a pancake
Pop it in the pan
Fry a pancake
Toss a pancake
Catch it if you can"

Song two:

Sing this to the tune of 'I'm a little teapot'

"I'm a little pancake round and fat
You can see my tummy but not my back
When I start to sizzle and turn brown
Toss me up high and turn me around"

Colour in your own Robin

Play Bounce Ball

You will need:

- 6 plastic cup
- 3 small balls that will fit into the cups

How to play:

- Place the cups as you wish on the ground
- Stand back and throw the balls into the cups
- Take turns to see who can get the most
- Enjoy - it's not as easy as it looks!

Top tips for a healthier heart!

Give up smoking

If you're a smoker, quit. It's the single best thing you can do for your heart health. Smoking is one of the main causes of coronary heart disease. A year after giving up, your risk of a heart attack falls to about half that of a smoker. Our staff are here to help and support you to quit - it's never too late!

Get active

Getting – and staying – active can reduce your risk of developing heart disease. It can also be a great mood booster and stress buster. The NHS recommend 150 minutes of moderate-intensity aerobic activity every week. One way to achieve this target is by doing 30 minutes of activity on 5 days a week. Fit it in where you can, such as by cycling to work and check out our Get Active At Home playlist on YouTube for some great home workouts.

Manage your weight

Being overweight can increase your risk of heart disease. Stick to a healthy, balanced diet low in fat and sugar, with plenty of fruit and vegetables, combined with regular physical activity. Take a look at our Healthy Eating page on our website for ideas and inspiration.

Eat more fibre

Eat plenty of fibre to help lower your risk of heart disease – aim for at least 30g a day. Eat fibre from a variety of sources, such as wholemeal bread, bran, oats and wholegrain cereals, potatoes with their skins on, and plenty of fruit and veg.

Cut down on saturated fat

Eating too many foods that are high in saturated fat can raise the level of cholesterol in your blood. This increases your risk of heart disease. Choose leaner cuts of meat and lower fat dairy products like 1% fat milk over full-fat (or whole) milk.

Top tips for a healthier heart!

Get your 5 A Day

Eat at least 5 portions of a variety of fruit and vegetables a day. They're a good source of fibre, vitamins and minerals. There are lots of tasty ways to get your 5 A Day, like adding chopped fruit to cereal or including vegetables in your pasta sauces and curries.

Cut down on salt

To maintain healthy blood pressure, avoid using salt at the table and try adding less to your cooking. Once you get used to the taste of food without added salt, you can cut it out completely. Watch out for high salt levels in ready-made foods. Most of the salt we eat is already in the foods we buy.

Check the food labels – a food is high in salt if it has more than 1.5g salt (or 0.6g sodium) per 100g. Adults should eat less than 6g of salt a day in total – that's about 1 teaspoon.

Eat fish

Eat fish at least twice a week, including a portion of oily fish. Fish such as pilchards, sardines and salmon are a source of omega-3 fats, which may help protect against heart disease. Pregnant or breastfeeding women should not have more than 2 portions of oily fish a week.

Drink less alcohol

Do not forget that alcohol contains calories. Regularly drinking more than the NHS recommends can have a noticeable impact on your waistline. Try to keep to the recommended daily alcohol limits to reduce the risk of serious problems with your health, including risks to your heart health.

Read the food label

When shopping, it's a good idea to look at the label on food and drink packaging to see how many calories and how much fat, salt and sugar the product contains. Understanding what's in food and how it fits in with the rest of your diet will help you make healthier choices. The Change4Life website has lots of information to help you make healthier choices for you and your family.

Look After Yourself

Our [Improving Wellbeing](#) webpage has some great information about things you can do to promote positive mental wellbeing and where you can get support and advice if you need it... here we've included some of our 'Top Tips', with easy things you can do over the holiday period and beyond to look after yourself and improve your wellbeing.

Having a routine can help you feel more in control and will give some structure to your day

Find some time for your hobbies and for relaxation in your daily routine - listening to music, reading, crafts, baking, sewing - whatever you enjoy doing

Get some exercise...try our [Get Active At Home Workouts](#) or take one of our [Wellbeing Walks](#)

Call friends/ family or a service that will listen as part of your daily routine...You could also use our Quiz as part of a get together with family and friends

If you are feeling anxious try 'box breathing'...breathe in for 5 seconds, hold for 5 seconds, breathe out for five seconds, hold for for five seconds and repeat 5 times!

Everything in moderation...have alcohol free days to give your body a chance to recover.

Make an edible Hungry Caterpillar

You will need:

- 12 slices of bread—you can use lots of different types.
- Slices of ham
- Cheese spread
- Tuna
- To decorate: half tomato, sultanas, small piece cheese, cucumber
- Margarine to spread

How to make it:

- Spread the margarine onto the bread
- Make two ham sandwiches, tuna sandwiches and cheese sandwiches
- Using a scone cutter cut out circles in the sandwiches (you should get two or three depending on the size of your cutter)
- Place onto a platter to form a wiggly shape in the form of a caterpillar's body, alternate the flavours
- Put the tomato at the front for his face, add the sultanas for his eyes and cheese for his mouth
- Chop the cucumber for his feelers and legs.
- Eat and enjoy or cover, pop into the fridge and save for later

Colour in your own Caterpillar

Play Simple Hopscotch

You will need:

- Chalk
- A pavement
- A small stone

How to play:

- Chalk out a grid as shown
- Throw the stone onto the grid
- Wherever it lands, you need to hop in the squares to get it
- Pick it up and hop back!
- Take turns
